same platform with Mrs. W. Y. Morgan of Hutchinson, Mrs. E. E. Forter of Marysville, and Miss Esther Dykes of Lebanon. With numerous special features and attractions, it is probable that the meeting will be largely attended.

That the women may find no fault with the plan to feature the new voters at tonight's meeting, a woman was chosen to preside. The lot of presiding officer went to Mrs. O. L. Moore of Topeka. She will herself make a short talk and will introduce all of the speakers, including Brewster of Kansas City, a brother of S. M. Brewster, Republican nominee for attorney general.

More than the usual amount of oratorical talent will be displayed at the meeting tonight. Mrs. Morgan has already made several speeches in the campaign and is well known among club women as a speaker of ability. She is the wife of W. Y. Morgan of Hutchinson, Republican nominee for lieutenant governor. Miss Dykes is a daughter of Dr. J. B. Dykes of Lebanon, congressional candidate in the Sixth district. Mrs. Forter is a sister of W. A. Calderhead, congressional nominee in the Kansas Campaign. Last January Brewster was the guest of honor of the Kansas Day club and his speech was easily the oratorical feature of the 1914 Republican dinner.

Preceding the speaking, several reels in the Kansas Day club and his speech was easily the oratorical feature of the 1914 Republican dinner.

Preceding the speaking, several reels of motion pictures will be run and slides illustrating the Kansas political situation will be thrown on the screen. Several state and county candidates will act as ushers and music for the meeting will be furnished by the regular Orpheum orchestra.

> London, Oct. 9.—So far as England knows this morning Antwerp, the latest of the cities of Belgium to be beleaguered, is still holding out against the German onslaught. King Albert has withdrawn from the city toward Ostend, where the administration is fully established, but practically the entire Belgian field army has remained to resist, as long as possible, the fire of the great German guns, the horrible effects of which were made plain at Liege.
>
> The nations opposing Germany hoped that the defenders could hold out till the allies delivered some decisive blow along the battle line in France, which [Continued on Page Two.] London, Oct. 9.-So far as England

ON THE FIRST LAP

The Russian Army Is Moving

Steadily Toward Berlin.

London, Oct. 9.—The correspondent at Antwerp of the Central News, sends the following:

"The German effort towards north France with a view of fixing a wedge between Antwerp and the allies has been nearly destroyed. Fierce fighting is occurring around Lille and south of Ghent. Prisoners have been taken to Dunkirk and Ostend and a German aeropiane has been destroyed.

The flerce resistance of Antwerp's defenders on the field was partly inspired by the presence of King Albert himself, says the Ghent correspondent of the Chronicle in a dispatch. The repeated German attacks aimed at the line of defense proved futile and the German retirements were attended with considerable losses.

"King Albert retains command of his troops," the dispatch says "and is continually in the field directing operations, an example almost galvanic in its effect on his brave forces.

Petrograd, Oct. 9.—The Russian center, mobilized at Warsaw, has started forward on the first lap of its march to Berlin. The war office advices today said that this army, including the pick of the czar's forces, is now entering action in the territory around Wloclawek, around the Vistile and 30 miles from Thorn.

Fifteen Speeches in The by Democrats Today.

Fifteen Speeches in Three Big State Districts.

William Jennings Bryan will spend two days and a night in Kansas, according to : ports received today by E. E. Murphy, chairman of the Democratic state committee. Under the present arrangement, the federal secretary of state will spend Monday and Tuesday, October 19 and 20, in Kansas, with Wichita drawing the one night speech. Bryan will be taken to Joplin, Mo., for a speech Monday night and will speak Tuesday night in Wichita.

Late arrangements providing that Bryan shall speak in Joplin have materially affected the routing of the commoner through Kansas. The state committee is now fighting to secure a cancellation of the Joplin date, enabling Bryan to make a two day and two night trip through Kansas. By eliminating the Joplin meeting, Bryan will be able to speak in seven of the eight congressional districts. Should

FACTS CONCERNING FIGHTING ARMIES' MACHINERY OF WAR.

The French "D" bullet is larger than the German "S." Both are pointed, but the "D" tapers off toward the rear, while the "S" ends abruptly. Either bullet can kill a man at a mile and a quarter.

Mixing machines are carried on the march to supply concrete for anchoring mortars.

the march to supply concrete for anchoring mortars.

Traveling gas works supply hydrogen for the dirigibles.

Self-propelled machine shops afford repairs to broken down engines or motors.

'At Gravelotte, n 1870, 185,000 Germans fought on a fine five miles long; at Yalu, in the Russo-Japaness war, General Kuroki lined up 40,000 in the name length; on the battlefields in Europe now there are probably 4,000 to 5,000 men to the mile.

In 1870 one bullet in 375 found its mark. Darkes the Russo-Japaness war it took 1,000 curuidges to put one Japaness and lier out of the
